

School Plan

**GENTRY PRIMARY SCHOOL
302 W. SECOND ST., GENTRY, AR 72734**

Arkansas Comprehensive School Improvement Plan

2010-2011

The primary mission of the Gentry Primary School is to work in partnership with students, parents, and the community to establish a strong foundation for lifelong learning in mathematics and literacy by providing a safe, nurturing, child-centered environment. As we foster intellectual growth, we will contribute to the emotional, moral, aesthetic, social, and physical development of our students.

Grade Span: K-2

Title I: Title I Schoolwide

School Improvement: A

Table of Contents

Priority 1: Literacy

Goal: All students will improve in reading comprehension, written expression, spelling, and vocabulary.

Priority 2: Math

Goal: All students will improve in mathematical skills, problem solving, and answering open response math questions.

Priority 3: Wellness

Goal: Students participating in the BMI activity show a need to improve their cardiovascular, muscular strength/endurance, and flexibility activity.

Priority 1: Students in the Gentry Primary School will perform at grade level in the curriculum area of literacy.

Supporting
Data:

1. Grade 2 - SAT10 Exam 2010: Number and Percent of Students Scoring at or above 50th Percentile in Reading: 47 Students - 38% of the combined population Below Basic - 23 Students (19%) Basic - 25 Students (20%) Proficient - 29 Students (23%) Advanced - 47 Students (38%)
2. Grade 2 - DIBELS results 2010: Of 124 second grade students tested in January 2010, 60% (74 students) of those tested scored at or above the January Benchmark in the area of Oral Reading Fluency (68 wpm). Of 121 Second Grade students tested in May 2010, 69% (84 students) of those tested scored at or above the End of Year Benchmark in the area of Oral Reading Fluency (90 wpm.)
3. Grade 1 - SAT 10 Exam 2010: Number and Percent of students Scoring at or above 50th Percentile in Reading: 33 Students - 37% of the combined population Below Basic - 9 Students (09%) Basic - 34 Students (36%) Proficient - 19 Students (20%) Advanced - 33 Students (35%)
4. Grade 1- DIBELS results 2010: Of 93 first grade students tested in January 2010, 52 students (56%) of those tested scored at or above the January Benchmark in the area of Oral Reading Fluency (20 wpm). Of 93 first grade students tested in May 2010, 80 students (86%) of those tested scored at or above the End of Year Benchmark in the area of Oral Reading Fluency (40 wpm).
5. Grade K - MAT8 Exam 2010: Number and Percent of students Scoring at or above 50th Percentile in Reading: 44 students - 41% of the combined population Below Basic - 48 Students (50%) Basic - 20 Students (19%) Proficient - 28 Students (26%) Advanced - 16 students (15%)
6. Grade K - DIBELS results 2010 Of 108 kindergarten students tested in May 2010, 82 students (76%) of those tested scored at or above the End of Year Benchmark in the area of Letter Naming Fluency (40 lpm).
7. We reviewed and charted SAT10 and MAT8 scaled scores for individual student growth- as well as the combined population. In addition to the standardized test results, we examined our End of Year DIBELS scores for all students in kindergarten and first grade, and second grade. Without question, there is need for further improvement in the area of literacy. We examined our routines, customs, norms and expectations in order to dig deeper for the root cause why more of our students are not achieving to their full potential. Our Supporting Data Statements show the discrepancies in achievement among our various populations. We are monitoring and adjusting our curriculum, instruction, assessment,

daily schedule, and professional development practices to better meet the needs of all our populations. Our data analysis led us to prioritize these areas: oral reading fluency in first and second grades, letter naming fluency in kindergarten, phonemic awareness and beginning sounds in kindergarten, and reading comprehension. We will select Interventions, and use funds, that put us in the best position to address these needs.

8. Student Attendance for Gentry Primary School: In 2009-2010, the attendance rate was 95.0%. In 2008-2009, the attendance rate was 94.4%. In 2007-2008, the attendance rate was 95.0%.
- 9.
- 10.

Goal All students will improve in reading comprehension, written expression, spelling, and vocabulary.

Gentry Intermediate School did not meet standards in Literacy in the 2009-2010 school year.

Benchmark Although our Combined Population of 3d through 5th grade students did not make Adequate Yearly Progress (AYP) in Literacy, they met growth for that combined group. Likewise, although our Economically Disadvantaged students in 3d, 4th, & 5th grades as a whole did not meet status for Safe Harbor in Literacy, they met growth in the subpopulation also. However, there were two subpopulations who not only did not meet the required 71.20% proficient or advanced AYP by Safe Harbor or the Growth Model: 3d and 4th grade Limited English Proficient, and Students with Disabilities at both grade levels. For these reasons, Gentry Intermediate School is officially on Alert and has one year to educate all of our students to proficiency or face School Improvement status.

Intervention: Gentry Primary School uses the Comprehensive Literacy Approach to writing instruction to include writing-to-learn, writing-to-demonstrate learning and authentic writing.				
Scientific Based Research: Subjects Matter, Daniels, Harvey & Zemelman Steven (2004). Writing Workshop, Scaffolding Young Writers, Dorn, Linda (2001).

EVALUATION PROTOCOL FOR THE 10-11 ACSIP BASELINE DATA -Gentry Primary School expects all students to meet the end-of-year fluency benchmark for grades K-2. The Dynamic Indicators of Basic Early Literacy Skills (DIBELS) will be administered periodically to all K-2 students who are shown to have a substantial reading deficiency. At the end of second grade, the Developmental Reading Assessment (DRA) will be given to all second grade students. The program will also be evaluated by increasing the number of students meeting each benchmark. Comprehensive Needs Assessment: The DRA was not purchased. All students entering 3d grade are given the DRA and the Intermediate school. In May 2010, 121 Second grade students were tested for Oral Reading Fluency by the Dibels. 84 students (69%) scored at or above the Reading Benchmark of 90 words per minute. In May 2010, 97 first grade students were tested with the DIBELS. 50 First grade (52%) tested at or above the End of Year Benchmark in the area of Oral Reading Fluency. In May 2010, 108 kindergarten students were tested with the DIBELS. 78 students (72%) tested at or above the End of Year Benchmark in the area of Letter Naming Fluency. Without question, there is need for further improvement in the area of literacy. We examined our routines, customs, norms and expectations in order to dig deeper for the root	Jayne Kooistra	Start: 07/01/2010 End: 06/30/2011	<ul style="list-style-type: none"> • Performance Assessments • Teachers 	ACTION BUDGET: \$

cause why more of our students are not achieving to their full potential. Our Supporting Data Statements show the discrepancies in achievement among our various populations. We are monitoring and adjusting our curriculum, instruction, assessment, daily schedule, and professional development practices to better meet the needs of all our populations. Our data analysis led us to prioritize these areas: oral reading fluency in first and second grades, letter naming fluency in kindergarten, phonemic awareness and beginning sounds in kindergarten. Action Type: AIP/IRI Action Type: Program Evaluation Action Type: Title I Schoolwide				
POINT IN TIME REMEDIATION-Kindergarten students who score delayed in both written and oral communication on the Qualls Early Learning Inventory (QELI), and first and second grade students who score "below basic" in reading on the SAT10 or MAT8 will be considered to have a substantial reading deficiency. These students will be provided Intensive Reading Instruction utilizing small group instruction and point-in-time reading intervention strategies within the regular classroom. Action Type: AIP/IRI Action Type: Title I Schoolwide	Debra Barnes	Start: 07/01/2010 End: 06/30/2011	<ul style="list-style-type: none"> • Performance Assessments • Teachers 	ACTION BUDGET: \$
SCHOOLWIDE REFORM -For those affected students,school personnel will develop an Intensive Reading Intervention plan (IRI) that will describe our intervention program within the regular classroom. Each parent, or guardian, will be notified in writing when his/her child has been identified with a substantial reading deficiency and the components/strategies outlined in the intervention plan. Action Type: AIP/IRI Action Type: Parental Engagement Action Type: Title I Schoolwide	Melissa Wilson	Start: 07/01/2010 End: 06/30/2011	<ul style="list-style-type: none"> • Performance Assessments • Teachers 	ACTION BUDGET: \$

Priority 2: Students attending Gentry Primary School will perform at grade level in the curriculum area of math.

1. Grade 2 - SAT10 Exam 2010: Number and Percentile of students scoring at or above the 50th percentile: 83 students (67%) of the combined population. Below Basic - 13 Students (11%) Basic - 24 Students (19%) Proficient - 32 Students (26%) Advanced - 55 Students (44%)
2. Grade 1 - SAT 10 Exam 2010: Number and Percentile of students scoring at or above the 50th percentile: 40 students (42%) of the combined population. Below Basic - 14 students (15%) Basic - 28 students (29%) Proficient - 31 students (33%) Advanced - 22 students (23%)
3. Grade Kg - MAT8 Exam 2010: Number and Percentile of students scoring at or above the 50th percentile: 40 students (37%) of the combined population. Below Basic - 21 students (19%) Basic - 41 Students (38%) Proficient - 25 students (23%) Advanced - 21 students (19%)
4. We reviewed and charted SAT10 and MAT8 scaled scores for individual student growth - as well as the combined population. Without question, there is a need for further improvement in the area of mathematics. We examined our routines, customs, norms and expectations in order to dig deeper for the root cause why more of our students are not achieving to their full potential. Our Supporting Data Statements show the discrepancies in achievement among our various populations. We are monitoring and adjusting our curriculum, instruction, assessment, daily schedule, and professional development practices to better meet the needs of all our populations. Our data analysis led us to prioritize these areas: apply strategies to solve problems and measurement.
5. Student Attendance for Gentry Primary School In 2009-2010, the attendance rate was 95.0%. In 2008-2009, the attendance rate was 94.4%. In 2007-2008, the attendance rate was 95.0%.
- 6.
- 7.

Supporting Data:

Goal All students will improve in mathematical skills, problem solving, and answering open response math questions.

Benchmark The combined population and each subgroup MET the 2009 AYP target. It is expected that each of these populations will meet, or exceed, the 2010 AYP target.

Intervention: Gentry Primary School will utilize research based instructional strategies to enhance student achievement and expand critical thinking in the area of mathematics.

Priority 3: Gentry Primary School recognizes each child as a unique individual. Our goal is to help every child develop the skills to become responsible citizens.

Supporting Data:

1. In 2009-2010, BMI results for Gentry Primary School indicated that 29.4% of the male student population was at risk of being overweight or were overweight. In 2008-2009, BMI results for Gentry Primary School indicated that 27.2% of the male student population was at risk of being overweight or were overweight. In 2007-2008, BMI results for Gentry Primary School indicated that 29.6% of the male student population was at risk of being overweight or were overweight.
2. In 2009-2010, BMI results for Gentry Primary School indicated that 30.6% of the female student population was at risk of being overweight or were overweight. In 2008-2009, BMI results for Gentry Primary School indicated that 38.5% of the female student population was at risk of being overweight or were overweight. In 2007-2008, BMI results for Gentry Primary School indicated that 30.4% of the female student population was at risk of being overweight or were overweight.
3. The 2005-2006 School Health Index results related that each school has incorporated more physical activity time in order to meet the standard set forth by the state. The 2004-2005 School Health Index results related that students are improved in more activity and make healthier eating choices. The 2003-2004 School Health Index results related that students need to make better/healthier choices.
4. As related by the Arkansas Governor's Initiative Healthy Arkansas, 55.3% of Arkansans failed to meet recommendations for moderate or vigorous activity.

Goal Students participating in the BMI activity show a need to improve their cardiovascular, muscular strength/endurance, and flexibility activity.

Benchmark Healthier BMI results will be evident by June 30, 2011. There will be 1/2% difference in the 2009 -2010 BMI results indicating healthier lifestyles are being practiced.

Intervention: Gentry Primary School will encourage strategies and activities that encourage a non-sedentary lifestyle.
