

Gentry Public Schools

Chromebook Protection Plan

The Gentry Public Schools offers an optional Chromebook Protection Plan (CPP). The CPP will cover a single accidental incident of damage to the device assigned to your child. This plan does NOT cover malicious, non-accidental damage, or loss. The students building administration team and Technology Department will determine if the damage is accidental or malicious. Theft will be covered with an appropriate police report if the police and Gentry Schools are unable to recover the device. Students who wish to opt out of the CPP will be required to pay for any repairs to their Chromebook that are not from normal wear and tear. Chromebook chargers are not covered under this plan. Please do not use aftermarket non UL or ETL listed Chromebook chargers.

Annual Coverage \$20 per school year	
1st Accidental Damage Incident	2nd or more Accidental Damage Incidents
Screen Replacement: \$0	Screen Replacement: \$50
Touch Screen Replacement: \$0	Touch Screen Replacement: Cost of part
Replacing keyboard/touchpad: \$0	Replacing keyboard/touchpad: \$50
Total Chromebook replacement: \$0	Total Chromebook replacement: \$250
Other parts not listed: \$0	Other parts not listed: Cost of part
Charger: \$35	Charger: \$35

Damage should be reported to the campus Media Specialist. Repairs to District owned Chromebooks must be completed by the GPS Technology Department. Damage caused by self repair could result in a complete Chromebook replacement. Students having their devices repaired/inspected may obtain a loaner Chromebook. The terms herein will apply to the loaned equipment as well.

- I choose to **OPT OUT** of the Chromebook Protection Plan (CPP) and understand that I will be responsible for paying for any damage to my assigned device.

- I choose to sign up for the Chromebook Protection Plan (CPP) and I understand and accept the above terms and conditions for what the plan covers.
