 - Transportation-Belinda Haslett
 - Paraprofessional-Sharon Selvidge
 - At Large-Tiffany Makey
 - Secretary/Receptionist-Jannie CasebeerClyde nominated. Becky 2nd. All in favor
- Steps for District
 - Jade put together a detailed google doc based on our research of 6 surrounding schools in Benton County. After extensive review, it is determined that our district shows that we are paid more in 24 steps than the other schools at 24, and actually still make more than those at 30 steps. This is because we make 3% at each step increase instead of a flat rate like most schools do. It is our opinion that we do not pursue changing this at this time and leaving it as is. Doc will be coming up with an explanation along with this google doc, that we will post for all classified employees. We can post & share with our categories once we approve the explanation and/or Ms Metz approves. Becky nominated. Clyde 2nd. All in favor.
- Mary Bailey recommended a stipend for para's for their work on the DSCtop program. Apparently some of the SPED para's have to enter confidential information into this state program. Doc is going to visit with Angie Dennis about this and get more information. We are going to table this until our next meeting once more information is collected. Clyde nominated. Becky 2nd. All in favor
- Victoria Groomer recommended changing the \$1000 stipend title from Associate's Degree in related field to Associate's Degree or equivalent college hours (60) or Vocational/Technical Certification in related field. Becky nominated. Clyde 2nd. All in favor.

Old business

- From our last meeting...expenditures for meals when traveling. Is the allowance enough for current prices? We are going to table this till our next meeting. Clyde nominated. Becky 2nd. All in favor.
