 -

- **Family and consumer science:** FCCLA had their fall leadership event September 16, 2021 at Springdale High School. We were able to take 10 students to the leadership event. It was a great learning experience for our students.
 - In FACS:we have been talking about personal development the last few weeks. Our project for this unit was over kindness and we created kindness quotes we put up in the halls across the school.
 - Life Fitness we have been doing a challenge each month. So far we have done a plank challenge and a water challenge where they have to drink a ½ gallon per day. Next month we are doing wall sits.
 - Lifespan Development: We have been talking about the development of children and looking at child development theorists. Students were able to create cognitive development play dough mats and homemade play dough. We then donated the play dough mats to a preschool.
 - Food Safety: Students have been working on their interactive notebook the last month over food safety topics (personal hygiene, cross contamination, food borne illnesses).
 - Foundations of Education: Has been learning about all the available jobs in education. (School counselors, teachers, principals..) They also were able to make a wonderful bulletin board in the hall!

- FBLA-FBLA will be attending their fall leadership conference on Wednesday, October 27th at Springdale High School.

Gentry Middle School

7th Grade Volleyball will provide an update of progress at the October Board meeting. Many students were awarded for character this month. The Book Fair was a success!

Gentry Intermediate School

Penny Wars is in full swing to raise money for the PTO.

5th Grade Parent Night was held on October 12.

Students and staff celebrated homecoming week with special theme dress days.

Gentry Primary School

October 29 is wear your costume to school and Kona Ice day!

Pioneer Football players and Cheerleaders welcome students to school on Fridays.

The STEM lab at GPS is doing great things!
