### Old business

- ❖ Per Mary Bailey's recommendation for a stipend for para's for their work on the DSCTop program. **\*Doc talked to Tahmara Coones and Regina Morris through email on this. The job of entering in DSCTop sounds comparative to work done in eschool. Need to find out how many SPED Para's work in this program. Samantha is going to research further with Tahmara and get back with Doc.**
- ❖ Per Victoria Groomer's recommendation for changing the \$1000 stipend title from Associate's Degree in related field to Associate's Degree or equivalent college hours (60) or Vocational/Technical Certification in related field, Ms DePaola was open to this suggestion. **\*Doc is going to follow up with Ms DePaola on this again.**
- ❖ Do Certified employees that also are classified employees have to use classified time for certified duties. This was originally discussed in our 2/28/20 meeting. The topic was if teachers who drive have to take time off from driving for teacher related duties, can they be compensated for missing driving the bus. **\*We agreed it was 2 different jobs and they would have to use their banked time from the job they had to miss.**

### New Business

- ❖ Amanda had the question brought to her attention about cafeteira subs getting a pay increase. Especially the ones that have been here long term. \*Doc is going to research this
- ❖ Doc is going to get an updated list of classified employees so everyone knows who to message in their category.
- ❖ Send out nomination forms for 1st semester!! Set up an auto send.
