## 2022 ESSA School Index Overview

| School | Letter Grade | Weighted Achievement Percentile | Value Added Growth Percentile | School Quality Student Success | Overall ESSA Index | Overall State Average |
|--------|--------------|---------------------------------|-------------------------------|--------------------------------|--------------------|-----------------------|
| GPS    | D            | 49.77                           | 77.58                         | 50                             | 63.71              | 67.33                 |
| GIS    | D            | 49.77                           | 77.58                         | 40.61                          | 62.3               | 67.33                 |
| GMS    | C            | 55.2                            | 79.3                          | 44.07                          | 65.62              | 66.88                 |
| GHS    | C            | 49                              | 80.4                          | 49.05                          | 66.06              | 64.01                 |

# Glows

1. Gentry High School demonstrated an increase in weighted student achievement and value added growth percentile.

# Grows

1. 14+ point drop in achievement at GIS.
2. 15+ point drop in achievement at GMS.
3. Both campuses experienced 4+ point drop in student growth.
4. All campuses experienced a decrease in the SQSS score.
5. Attendance is the biggest factor causing the drop in SQSS.
