## CPPC 1/5/23 MEETING

9:01 Meeting called to order by Doc

Attended Doc Savage-Maintenance<br>Clyde Backer-Transportation<br>Mary Bailey-At Large<br>Amanda Walters-Food Service<br>Emily Hodges-Secretary/Bookkeeper

## Old business

* Per Mary Bailey's recommendation for a stipend for para's for their work on the DSCTop program. *Doc has met with Regina on what exactly the Para's enter for Mary to send on to the State. By doing this it brings in a lot of money for the SPED Dept. They are required to have 40 hrs training between on the computer and at the COOP. This currently affects 10 people. The 10 are one on one personal care para's. The charting they do happens during their lunch or after school because they are with that student all day. Title could be changed to Personal Care SPED Para. Could a different starting wage/step be considered for this versus a regular para? If starting wage/step remains the same then consider a stipend for the entry in DSCTop? Doc will get the final details and type up a proposal for us to look at prior to taking it to Ms DePaola.
* Per Victoria Groomer's recommendation for changing the $\$ 1000$ stipend title from Associate's Degree in related field to Associate's Degree or equivalent college hours (60) or Vocational/Technical Certification in related field, Ms DePaola was open to this suggestion. *Doc is going to follow up with Ms DePaola on this again.
* Amanda had the question brought to her attention about cafeteria subs getting a pay increase. Especially the ones that have been here long term. *Subs got the overall pay increase that we got at the beginning of the year. Nothing further to do on this.

## New Business

* Employee of the 1st Semester (these will be hidden if we post before awarding)
$>$ Transportation-Amy Davis
> Aide/Para-Brittany Weeks
> Secretary-Kaley Nelson
> Custodian-Joseph Ferrara
