

Family and Community Engagement Plans

...

24-25

District Plan: 24-25

We hold many on-site engagement events each year. We look forward to welcoming more families into our schools as our district continues to grow.

Incorporating a variety of Communication Avenues (ie: Talking points, Remind, Google Meet, Class Dojo, Google Sites, Seesaw.)

To assist with communication with our non-English speaking students and families, we also employ Spanish translators and have added Proprio Interpreters.

As we are having continued success, we will continue with HRT, Lead and Master Teacher programs.

The District Community Engagement Team will meet on May 2 to refine plans and make any changes necessary for the 2024-25 school year.
