WO-31831	Elevator: Reports that the door sometimes gets almost closed and then opens back a couple of times before closing. I have spoken with OTIS, they said first things to check is to make sure the track is swept or vacuumed clean and to use a dry cloth and clean the door closure lenses that prevent the door from closing while someone is entering/exiting. (along door frame) If that does not eliminate the problem they can send a tech out to check it. Please check these first items to see if we need the tech or not. Thank you.	2024-03-11	Jason Barrett	Coye Cripps	Gentry Intermediate School
