Any Charge for Imprinted Checks Includes State Sales Tax Computed at the Current Rate, When Applicable Notice: The Annual Percentage Rate and Daily Periodic Rate may vary.

Explanation of Balance on Which the Interest Charge is Computed

We figure the Interest charge on your account by applying the periodic rate to the "daily balance" of your account for each day in the billing cycle. To get the "daily balance" we take the beginning balance of your account each day, add any new advances/fees, and subtract any unpaid interest or other finance charges and any payments or credits. This gives us the daily balance.
