WO-31233	<p>We wondered if one of you all could look at the laminating machines. Andrea said she has put in a maintenance request for them before. The one they are currently using does not laminate down the middle. The other one does not work at all and has been broken for sometime. We were hoping they could be fixed before we ask to have them replaced. They are located in the workroom in the back of the stage off the library.</p>	2024-01-18	Crystal King	Coye Cripps	Gentry Primary School
